 Ghulam Ali House Plot No. 2, Street No. 5, Near Usman Plaza, Usmanabad, Garden West

Profile

I have over 3+ years of experience as a Web Developer specializing in WordPress and custom website development. My expertise includes building responsive and high-performing websites that meet diverse business needs, including e-commerce stores and brand websites.

I am passionate about creating tailored digital solutions that help businesses thrive online. Whether it's developing dynamic e-commerce stores or custom brand websites, I ensure that every site is optimized for performance, user experience, and scalability.

Worked with Leading Global Brands

These are just a few of the global brands I've collaborated with:

- American Web Designers INC
- OCTA Web Design
- Meta Creative Designer
- Rak Business Solution
- NJ Tech Pioneers
- Wardenclyffe Vision
- UK Web Studio
- US Web Devs
- Artistic Individuals
- US Web Professionals

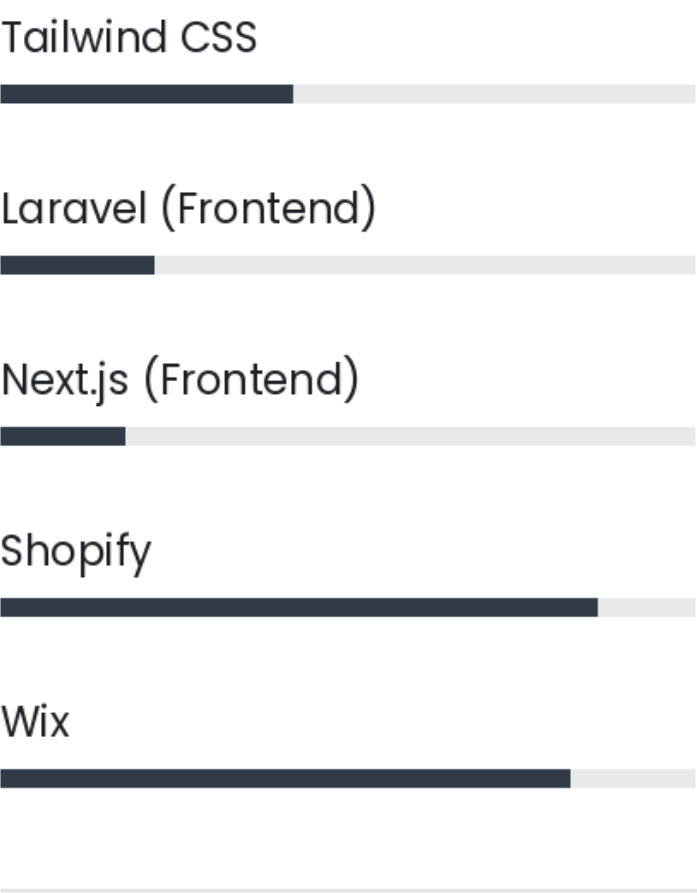

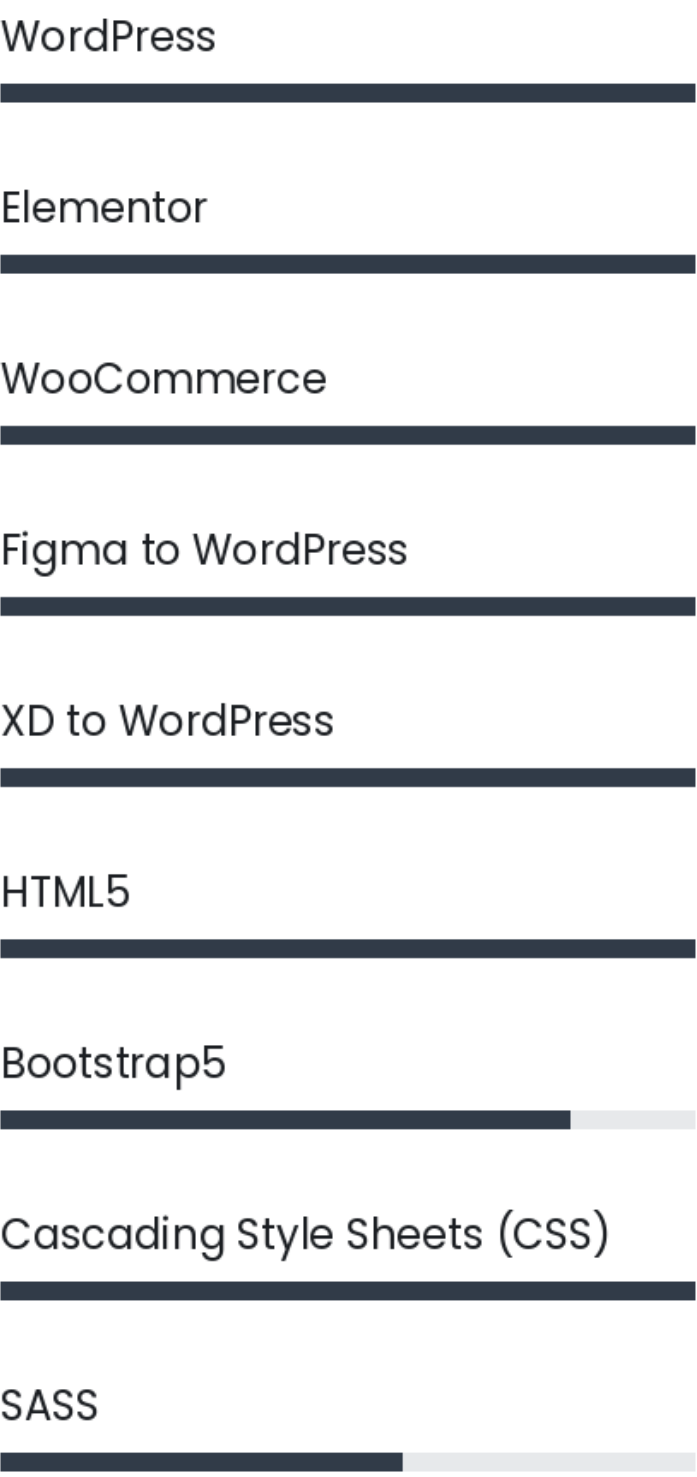

Achievements

- Led a team of WordPress developers to successfully deliver over 50 client websites on time and within budget.
- Optimized website performance, resulting in a 40% faster load time and improved SEO rankings.
- Conducted training sessions for junior developers, improving team skill levels and productivity.
- Successfully migrated multiple websites from legacy systems to WordPress, ensuring data integrity and minimal downtime.
